Packaging Instructions and Decal Placement

D350-600-247

Apply Dart tape to cover box. Put a piece of styrofoam at the bottom of the box and (2) pieces of MF1612 at each corner of the box. Put in the door face down, wrap kit in foam, identify and add to the box in front of the door. Put a piece of MF4631E at one corner of box so the door does not move. Put 1 1/2 piece of MF4631F on top of door. Close box. Strap (3) times and staple. Apply clear tape to straps. Apply D2729-3 label as per instructions in QSI 014.
